:60 Medicare Savings Program “Don’t Miss Out”

Narrator:

Medicare Beneficiaries, sometimes there just doesn’t seem to be enough left over at the end of each month to pay the bills, buy groceries, and never anything left for the little extras.

Medicare helps with medical costs but it’s still tough.

Don’t miss out on programs that can help!

Ask about the Medicare Savings Programs – run by your state with the support of the Centers for Medicare and Medicaid Services.

For anyone who has Medicare Part A and who has limited income and resources they can make a real difference with hundreds of dollars per year in savings.

And, that means more money for those little extras. Learn more about your state Medicare Savings Programs.
